Principal shareholders are disclosed based on Art. 120 et seqq. of the Swiss Financial Market Infrastructure Act (FMIA) and the corresponding ordinances.

In conjunction herewith, the following central features of the shareholders' agreement of the founding family are also made available to the public:

- All shareholders who are members of the founding family (pool shareholders), with the exception of Regula Hauser-Coninx, are bound by the shareholders' agreement (pool agreement). The pool agreement entered into effect as of the date of registration for a period of eight years, and was extended in 2008 until 2017. During the course of 2015 the founding family of Tamedia renewed its shareholders' agreement, which was due to expire in 2017, early and for an indefinite period.
- Among other things, the pool agreement serves the purpose of coordinating the exercise of the voting rights of pool members with regard to their representation on the Board of Directors.
- It also governs how pool shareholders exercise their voting rights in conjunction with other topics requiring the approval of shareholders, such as determining dividends.
- Pool shareholders are notified in advance of any other issues to be brought before the shareholders at the Annual General Meeting. If two thirds of the voting rights represented by the pool shareholders are cast for any such issue at a meeting of pool shareholders, the pool shareholders must unanimously vote in favour of this issue at the General Meeting. Otherwise, pool members are at liberty to exercise their voting rights as they choose.
- The agreement does not relate to matters which lie within the responsibility of the Board of Directors or the Management Board of Tamedia or that of its subsidiaries.
- The agreement includes a right of first refusal for all parties to the shareholders' agreement in the event that a pool shareholder wishes to transfer his/her shares to an independent third party (either with or without compensation). Should this be the case, said shareholder must first offer his/her shares to the pool members. The other pool shareholders have the right to purchase such shares at the current market price less a 20 per cent discount.
- Pool shareholders represent a group of shareholders who act in compliance with the requirements of Art. 121 FMIA. Any future exchange of shares amongst the current pool shareholders will not result in an obligation to announce and make public any such change. If, however, the entire pool should sell shares and as such the percentage of pooled shares should fall below the legal thresholds (e.g. below 66⅔ per cent or below 50 per cent), the pool shall be required to inform the Swiss Stock Exchange and Tamedia. An obligation to notify shall also exist if a new member is added to the pool or one pool member no longer holds any shares.

The shareholders united under the shareholders' agreement, consisting of members of the founding family, held 69.10 per cent of the Tamedia registered shares on the balance sheet date, of which 67.00 per cent were subject to the provisions stipulated in the shareholders' agreement.

The Reinhardt-Scherz group of shareholders consists of Erwin Reinhardt, Muri, and Franziska Reinhardt-Scherz, Muri, and the entities under their control, Montalto Holding, Zug, and Epicea Holding AG, Zug.

The persons united in this group of shareholders jointly hold an investment of 417,342 registered shares of Tamedia AG or 3.94 per cent of the share capital.

Cross-shareholdings

During the current financial year, there were no cross-shareholdings based on either share capital holdings or on voting rights.

Limitations on transferability and nominee registrations

Upon request, purchasers of registered shares shall be registered as shareholders with voting rights if they specifically declare that they have purchased such shares in their own name and for their own account.

The Board of Directors may deny registration of the purchaser as a shareholder or beneficiary with voting rights to the extent that the shares held by the shareholder would exceed 5 per cent of the total number of shares recorded in the commercial register. Legal entities and partnerships which are bound or affiliated in terms of capital and voting rights by a common management or in any other form, as well as individuals, legal entities and partnerships acting in concert or with a view to circumventing the provision at hand, shall be considered to be one entity.

Shareholders who were registered in the share register as of 14 September 2000 or purchasers who are family members of such shareholders shall be exempt from this restriction on registration.

During the reporting year, no exceptions to the said regulations were granted.

The Board of Directors may register nominees in the share register with voting rights of up to a maximum of 3 per cent of the share capital registered in the commercial register. Nominees are persons who, when applying for registration, do not specifically declare that they hold the shares for their own account. The Board of Directors may register nominees with more than 3 per cent of the registered share capital, granting them voting rights, insofar as the nominee in question has provided the company with the names, addresses and number of shares held by such persons for whom he/she holds 0.5 per cent or more of the registered share capital entered in the commercial register. The Board of Directors may enter into agreements with such nominees, which govern, among other items, the representation of the shareholders and their voting rights.

The Board of Directors may cancel the entries of shareholders or nominees in the share register retroactively to the date of entry should it be apparent after a hearing that such entries were made based on false information. The persons affected must be informed of said cancellation immediately.

Convertible bonds and options

Currently, there are no convertible bonds and options.

Authorities

The Board of Directors is responsible for defining the Group strategy. It reviews the Company's fundamental plans and objectives and identifies external risks and opportunities. The risks are explained in Note 37 of the consolidated financial statements (pages 96 to 98). The authorities and responsibilities of the Board of Directors and its committees, as well as the schedule of approval authorities with respect to the Management Board, are laid down in the Internal Governance Rules, which can be viewed online at www.tx.group¹. These include, in particular, the supervisory and control functions for the Board of Directors with the direct support of external parties, as well as the ongoing and comprehensive provision of information for all members of the Board.

The Board of Directors is also responsible for overseeing and monitoring the Management Board. The Management Board informs the Board of Directors during its regular meetings and upon special request with regard to the business developments and the Group's planned activities. Also in attendance at these meetings are the Chief Executive Officer as well as other members of the Management Board and other executive members of staff for business matters of relevance to them.

The full Board of Directors is informed by means of monthly written reports with regard to the consolidated monthly financial statements, business developments within the individual divisions and any further relevant business issues. Each quarter, all members of the Board of Directors are provided with written information on the development of the market share and every six months a report is sent with explanations to the semi-annual and annual financial statements. In addition, the Board of Directors also receives the minutes of meetings held by the Management Board as well as of those held by the four committees of the Board of Directors. The Management Board also informs the Chairman of the Board of Directors on a regular basis with regard to any incidents of particular significance.

Passing resolutions

The Board of Directors constitutes a quorum when the majority of its members are present. It makes decisions based on a majority vote of the members present. In the event of a tied vote, the Chairman has the casting vote. There are no statutory quorums for resolutions. Resolutions may also be passed by circular vote.

Meetings

The Board of Directors meets as often as business requires or if a meeting is requested by a member, but at least six times a year. In the reporting year, the Board of Directors, its committees and the Advisory Board for Media Technology and Innovation held the following meetings.

Committees

In addition to the committees described below, the Board of Directors may form other committees for specific functions. Members are appointed to committees in conjunction with the constitution of the Board of Directors and according to the same procedure. Generally, these committees do not make any binding decisions, but instead report to the Board of Directors as a whole, submit proposals for decisions and guidelines when appropriate and provide the Management Board with the necessary support for the implementation of such.

The following permanent committees currently exist:

- Nomination and Compensation Committee
- Business Development Committee
- Journalism Committee
- Audit Committee

The committees must be made up mostly of members of the Board of Directors and make their agendas and meeting minutes available to the entire Board of Directors. The Chairman of each committee informs the Board of Directors as a whole orally as to the results of such meetings.

Nomination and Compensation Committee

The Nomination and Compensation Committee addresses human resources matters in general and is responsible in particular for preparing nominations of members of the highest management level for whom the Board of Directors has direct responsibility. It also deals with the qualification and compensation of members of this management group and with the general compensation system including profit participation. Not included herein are the editors-in-chief and the programme directors, for whom the Journalism Committee is responsible.

The committee comprises three to four members. If the number of members of the Nomination and Compensation Committee falls below the minimum threshold of three, the Chairman shall nominate the missing member(s) from amongst the members of the Board of Directors, who will serve until the end of the next Annual General Meeting. The Chairman of the Management Board is invited to attend meetings. The Chairman of the Board of Directors chairs the committee. The Nomination and Compensation Committee does not sit at set intervals but meets as required to prepare business for the Board of Directors. The meetings held in the reporting year are listed in the overview in the Meetings section.

Business Development Committee

The Business Development Committee attends to the preparation and support of projects and agreements that fall within the remit of the Board of Directors and are related to the Swiss media market and new business ideas. The committee comprises three to four members. The Chairman of the Management Board is invited to attend meetings. The Chairman of the Board of Directors chairs the committee. The Business Development Committee meets as required rather than at set intervals. The meetings held in the reporting year are listed in the overview in the Meetings section. The Business Development Committee was abolished when the new corporate structure was introduced on 1 January 2020.

Journalism Committee

The Journalism Committee deals with publication issues and nominates the editors-in-chief. It also deals with the performance evaluation and compensation of members of this management group. The Journalism Committee is responsible in particular for the regular journalistic discussions with the editors-in-chief and also concerns itself with promoting next-generation talent and publication projects.

The committee comprises three to four members. The Chairman of the Management Board is invited to attend meetings. The Chairman of the Board of Directors chairs the committee. Meetings are generally held quarterly. The meetings held in the reporting year are listed in the overview in the Meetings section.

Audit Committee

The Audit Committee oversees the financial reporting, compliance with accounting and reporting standards and with the rules for listing on the SIX Swiss Exchange, risk management and financial corporate communication as well as any extraordinary accounting matters. Risk management includes sharing information on specific risks such as market risks, financial risks and personnel risks from the members of staff responsible. An overarching risk management report is prepared annually for the attention of the Management Board, the Audit Committee and the Board of Directors. This central risk management report serves to monitor all current risks and review the processes in place for addressing risks.

The Audit Committee also represents the Board of Directors as liaison with the external statutory auditors and monitors and assesses their performance and impartiality on an ongoing basis. For this purpose, the Audit Committee examines and discusses the proposed audit schedule and the audit results with the statutory auditors (reports required by law prepared by the statutory auditors and reports pertaining to any significant findings from the interim and final audits). Moreover, the committee is informed orally by the statutory auditors, the Chief Financial Officer and other management members from the finance division regarding the progress of the audit work.

The Audit Committee reviews and evaluates the independence, qualifications, performance and effectiveness of the statutory auditors once a year. It also discusses the statutory auditors' independence from management and the company with them and monitors the rotation system for the lead auditor. In addition, the Audit Committee examines the compatibility of non-audit services with the statutory auditors' independence. The fees for the audit of the consolidated financial statements and the individual financial statements are approved in advance by the Audit Committee. Every year, the Audit Committee submits a proposal for appointing the statutory auditors to the Board of Directors, which then puts it before the Annual General Meeting.

The Audit Committee comprises at least three members. The Chairman of the Board of Directors may not be a member of this committee. Meetings are held regularly, at least four times a year, and generally the Chief Financial Officer is in attendance (as representative of the Management Board) as well as the statutory auditors. For specific matters, the Audit Committee calls in outside experts when needed. Its meetings are aligned with the preparation and approval of the semi-annual and annual financial statements. The meetings held in the reporting year are listed in the overview in the Meetings section. These were attended by the Chief Financial Officer and the representative of the external statutory auditors.

Shareholders' participation rights

Restrictions on voting rights and representation

A shareholder may directly or indirectly exercise or cause to have exercised voting rights associated with his/her own shares or shares he/she represents up to a maximum of 5 per cent of the total number of shares registered in the commercial register. To this end, legal entities and partnerships which are bound or affiliated in terms of capital and voting rights by a common management or in any other way, as well as individuals, legal entities and partnerships acting in concert or with a view to circumventing the provision at hand, shall be considered to be one entity.

Institutional investor proxies within the meaning of Art. 689c of the Swiss Code of Obligations (custodian proxies, company officers and independent proxies) are exempt from this restriction on voting rights as long as the provisions of the Articles of Incorporation referred to in the previous paragraph have been adhered to by the owner(s).

Shareholders registered with more than 5 per cent of the voting rights in the share register are exempt from the aforementioned restriction of voting power.

Statutory quorums

According to the Articles of Incorporation of Tamedia AG, the Annual General Meeting makes resolutions and conducts elections based on an absolute majority of the represented voting rights. For the following resolutions, a minimum two-thirds majority of the represented voting rights and an absolute majority of the represented share capital are required: changes in the company's purpose; introduction of voting shares; restrictions on transferability of registered shares; approved or conditional capital increases; capital increases from shareholders' equity, in return for non-monetary contributions or for the purpose of acquisition of assets or granting special advantages; restriction or cancellation of subscription rights; transfer of the company's registered office and dissolution of the company without liquidation.

Convening the General Meeting

The General Meeting is held annually within six months of the end of the company's financial year. Extraordinary general meetings are convened as needed. Likewise, in addition to the statutory auditors, one or more shareholders, who combined represent at least 10 per cent of the company's share capital, may demand in writing that a general meeting be called indicating the subject matter to be discussed and proposals to be made.

The General Meeting is called by the Board of Directors no later than 20 days prior to the scheduled date of the meeting. The shareholders are notified via Tamedia's normal publications (see further information in section "Information policy" on page 146).

Agenda

Shareholders who together represent shares with a nominal value of CHF 1,000,000 may request that a matter for discussion be included on the agenda. The application for an item to be added to the agenda must be submitted in writing at least 60 days prior to the General Meeting with an indication of the subject to be discussed.

Registration in the share register

All shareholders registered with voting rights in the share register are entitled to take part and have voting power at the General Meeting. For organisational reasons, no further registrations will be made after 20 days before the General Meeting. Shareholders who sell their shares prior to the General Meeting no longer have any voting rights.

Changes of control and defensive measures

In accordance with the Swiss Stock Exchange Act, whoever, whether directly, indirectly or acting in concert with third parties, acquires equity securities of a listed Swiss company, which, when added to the equity securities already owned, exceed a threshold of 33.3 per cent of the overall voting rights of a target company, whether or not said voting rights may be exercised, must make a bid to the remaining shareholders to acquire all of the company's equity securities listed on the stock market. Before publicly offering its equity securities, the company may lay down in its Articles of Incorporation that a purchaser is not required to make a public sales offer of this kind (opting-out). Tamedia AG's Articles of Incorporation do not provide for any such opting-out. Similarly, there are no clauses governing changes of control.

Statutory auditors

Duration of the mandate and term of office of the lead auditor

The statutory auditors are appointed by the General Meeting for a period of one year.

PricewaterhouseCoopers AG has served as auditors for the consolidated financial statements since the financial year 2016. The separate financial statement of Tamedia AG has been audited by PricewaterhouseCoopers AG since 2016. Patrick Balkanyi assumed the role of lead auditor for the first time for the financial year 2016.

Audit fee

The fees for the audit of the consolidated financial statements and the separate financial statements total CHF 0.8 million (previous year: CHF 0.7 million), of which CHF 0.7 million relate to expenditures for the audit conducted by PricewaterhouseCoopers AG.

Additional fees

The total amount of fees paid to PricewaterhouseCoopers AG and/or its affiliated persons for additional financial services and IT advisory services amounted to CHF 0.1 million. Fees amounting to CHF 0.1 million had been incurred in the previous year for additional financial services and IT advisory services.

Supervisory and control instruments vis-à-vis the auditors

The nature of the supervisory and control instruments used by the Board of Directors to assess the external statutory auditors and their participation in Audit Committee meetings is described in the section "Board of Directors – Audit Committee". The system of rotation governing the tenure of the lead auditor is seven years at the most, in compliance with the impartiality guidelines set down by EXPERTsuisse, the Swiss Expert Association for Audit, Tax and Fiduciary. A regular rotation of the statutory auditors is not foreseen.
